In Room 19 we have learnt about Anzac Day. We learnt that horses, donkeys and dogs helped to carry supplies. Dogs were also used to sniff out landmines and bombs. Pigeons were used for carrying messages and they saved a lot of people. Simpson and his donkey helped injured people. The red poppies grow in fields where the soldiers were fighting.

We also learnt what ANZAC means Australian New Zealand Army Corp. We learnt about how soldiers go to war to try to keep us and the world safe. We also learnt that some boys were only 16 and 17 when they went to war. Some people were sent to war without a choice. ANZAC Day is a day to remember the soldiers who risked their lives for us.
