Principals message:

Welcome back

Welcome back to Term 4. Hasn't the year flown by? I hope that everyone had a relaxing and enjoyable break. I know the staff are very excited to be back and are looking forward to the final term. We are currently advertising and interviewing for our staff positions in 2020. We are also in the process of planning classes for students. Please contact your student's teacher if you have a particular request.

Sweat V Steam

Thanks to the team for helping out at the Sweat V Steam early on Sunday morning. Money will be donated to our school for volunteering and supporting the run. Congratulations to Jane McMullan for competing in the event. Jane flew around the course!

Daylight savings

Sometimes students struggle with daylight savings, the build up to Christmas and the many events at the end of the year. To assist students, we suggest routines are maintained as much as possible. Such as a regular bedtime routine of dinner, bath, reading/homework and bed. By keeping in a regular pattern, as much as possible, students have the best opportunity to do their best learning.

Dates to remember:

October:

26th—"Hole in One" competition

31st - School Council

November:

28th—School Council

December:

20th—Last day of Term 4

Dismissal @ 12:30

CON'T PRINCIPAL REPORT

New school

Some of you might have driven past the new school over the holidays. The stadium roof is on and the framing has been completed in our Prep-1 buildings. The entire site is starting to take shape. Over the next term there will be many meetings in regards to the new school. Meetings will be held fortnightly with the builders to keep us informed how construction is going. Staff from both the schools will be meeting to discuss various issues to help support a smooth transition into the new site. We hope to have a curriculum day with the staff from both schools on the day before students return next year.

Busy term ahead

We have a busy term ahead with many activities occurring. There will be camps, excursions, graduation, step up, reports and planning for 2020. Please be mindful of this and read/return notes or other information.

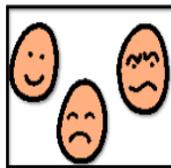

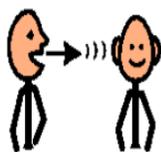

“Staff from both the schools will be meeting to discuss various issues to help support a smooth transition into the new site. ”
