

EchUCA Twin Rivers Specialist School acknowledges the history, culture, diversity, and value of all Aboriginal and Torres Strait Islanders, and pays respect to their elders past and present, as well as acknowledging future generations.

Floods

Obviously the floods had a mammoth impact on students, staff and families. I want to thank everyone for their resilience throughout the time. Sadly some of our families and staff have had their homes damaged and some have been displaced. Our thoughts and best wishes go out to those affected. We will continue to support those families in any way we can.

We continue to monitor emergency orders and have clean water available at all times.

Planning for 2023

We are currently advertising for teachers and planning classes for 2023. This can be a challenging task, given we need to navigate group sizes, compatibility between students and available staffing. We do our best to accommodate parent requests, but can't always guarantee all requests. Please contact the school if you have specific requests for your child.

First day back in 2023

Friday 27th January is the first day back for staff. This day will be used to complete Koorie cultural training from the education department. The following Monday 30th January will be our "Yarning day". This will be an opportunity for families to meet the staff and discuss their child and how we can best support. This is the first time we will be running a "Yarning day" and are excited to see what feedback we get. We believe it will help to break down barriers between home and school and help to develop positive relationships between us all.
